OFF THE SHELF TA

Packaged Technical Assistance for Easy Access and Delivery

Off the Shelf TA gives ACOs and CPs over 150 technical assistance offerings that have been packaged for convenient, efficient delivery and are "ready to go." The goal of the Off the Shelf TA engagements is to make TA more accessible to ACOs and CPs and save them time in planning and receiving TA. Off the Shelf TA offerings:

☑ **Are pre-packaged:** TA Vendors have standardized popular, replicable TA offerings.

☑ **Are flexible:** ACOs and CPs can select TA based on their current TA needs, schedule, and budget. There are Off the Shelf TA offerings for a single participant (one ACO or CP per TA project) or multiple participants (multiple ACOs or CPs per TA project).

☑ **Have pre-set pricing:** Every Off the Shelf TA engagement has a clear, set baseline price range. ACOs and CPs can search Off the Shelf TA offerings by price range.

☑ **Are responsive:** Off the Shelf TA products offer solutions to help ACOs and CPs meet the demands of current health crises, like COVID-19.

☑ **Have ongoing or time limited availability:** ACOs and CPs can select TA that best suits their immediate or long-term needs.

☑ **Have clear project lengths:** TA offerings provide defined project lengths for easy consideration.

☑ **Are customizable:** Though standardized, Off the Shelf TA offerings are customizable to ACO's and CP's specific needs. Please note: customization may increase the price of an Off the Shelf TA offering.

☑ **Are available by Domain:** ACOs and CPs can search Off the Shelf TA engagements by Domain.

☑ **Are available by TA Vendor:** ACOs and CPs can search Off the Shelf TA by TA Vendor, and can also find links to Off the Shelf TA Projects through TA Vendor profiles**.**

Browse Off the Shelf TA under the Vendor Catalog section of the TA Marketplace.

Apply for Off the Shelf TA via the Off the Shelf TA Application. It's a separate, brief TA application meant to facilitate quick processing and approval of Off the Shelf TA projects. The Off the Shelf TA application link is also available on each Off the Shelf TA project page**.**
